Project Name: Aviation Hangar
Address: 1071 Westbrook Street
Q012
Applicant: Mark Goodwin
Planner: Matthew Grooms

Project ID: 2017-073, 2017-115
CBL: 012

Dear Mr. Goodwin and Mr. McCullough:

On September 20, 2017, the Portland Planning Authority approved the Level II Site Plan for the replacement of an existing aircraft hangar with a new 9,600 square foot pre-engineered hangar along with limited additional site improvements inclusive of pavement replacement and the planting of five street trees. This decision is based upon the application, documents and plans as submitted by the applicant. The proposal was reviewed for conformance with the standards of Portland's site plan ordinance and AB Airport Business Zone.

SITE PLAN REVIEW

The Planning Authority finds that the plan is in conformance with the site plan standards of the Land Use Code, subject to the following condition(s) of approval:

1. The applicant shall submit a revised construction management plan using the city's standardized template for construction management plans. As part of this plan, the applicant shall specify the duration of time for which the Westbrook Street sidewalk shall be closed. If the sidewalk is to be closed for the duration of construction, then a temporary sidewalk shall be provided. This plan shall be reviewed and approved by the Planning Authority and Department of Public Works; and
2. The applicant shall incorporate changes as requested by the Department of Public Works and Lauren Swett of Woodard and Curran to:

- a. Indicate the location of the floor drain and crushed stone drip strip on the Grading & Utility Plan,
 - b. Work with the Department of Public Works to approve the submitted wastewater capacity application and proposed configuration,
 - c. Provide a written response and if necessary revised plan indicating how roof drainage shall be managed
3. The applicant shall provide a photometric plan demonstrating compliance with the City's standards for site lighting as listed in Section 12 of the Technical Manual; and
 4. The applicant shall provide an 'Ability to Serve' letter from the Portland Water District for the proposed fire service; and
 5. The proposed hangar will need to follow NFPA 409 Standards for Airport Hangars; and
 6. Fire Gate #1 shall be maintained for emergency vehicles at all times during construction.

STANDARD CONDITIONS OF APPROVAL

Please Note: The following standard conditions of approval and requirements apply to all approved site plans:

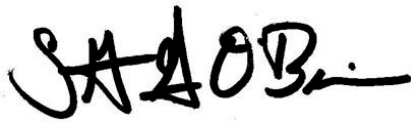

1. **Develop Site According to Plan** The site shall be developed and maintained as depicted on the site plan and in the written submission of the applicant. Modification of any approved site plan or alteration of a parcel which was the subject of site plan approval after May 20, 1974, shall require the prior approval of a revised site plan by the Planning Board or Planning Authority pursuant to the terms of Chapter 14, Land Use, of the Portland City Code.
2. **Separate Building Permits Are Required** This approval does not constitute approval of building plans, which must be reviewed and approved by the City of Portland's Permitting and Inspections Department.
3. **Site Plan Expiration** The site plan approval will be deemed to have expired unless work has commenced within one (1) year of the approval or within a time period up to three (3) years from the approval date as agreed upon in writing by the City and the applicant. Requests to extend approvals must be received before the one (1) year expiration date.
4. **Performance Guarantee and Inspection Fees** A performance guarantee covering the site improvements, inspection fee payment of 2.0% of the guarantee amount and seven (7) final sets of plans must be submitted to and approved by the Planning and Urban Development Department and Public Works Department prior to the release of a building permit, street opening permit or certificate of occupancy for site plans. If you need to make any modifications to the approved plans, you must submit a revised site plan application for staff review and approval.
5. **Defect Guarantee** A defect guarantee, consisting of 10% of the performance guarantee, must be posted before the performance guarantee will be released.

6. **Preconstruction Meeting** Prior to the release of a building permit or site construction, a pre-construction meeting shall be held at the project site. This meeting will be held with the contractor, Development Review Coordinator, Public Works representative and owner to review the construction schedule and critical aspects of the site work. At that time, the Development Review Coordinator will confirm that the contractor is working from the approved site plan. The site/building contractor shall provide three (3) copies of a detailed construction schedule to the attending City representatives. It shall be the contractor's responsibility to arrange a mutually agreeable time for the pre-construction meeting.
7. **Department of Public Works Permits** If work will occur within the public right-of-way such as utilities, curb, sidewalk and driveway construction, a street opening permit(s) is required for your site. Please contact Carol Merritt at 874-8300, ext. 8828. (Only excavators licensed by the City of Portland are eligible.)
8. **As-Built Final Plans** Final sets of as-built plans shall be submitted digitally to the Planning and Urban Development Department, on a CD or DVD, in AutoCAD format (*.dwg), release AutoCAD 2005 or greater.

The Development Review Coordinator must be notified five (5) working days prior to the date required for final site inspection. The Development Review Coordinator can be reached at the Planning and Urban Development Department at 874-8632. All site plan requirements must be completed and approved by the Development Review Coordinator prior to issuance of a Certificate of Occupancy. Please schedule any property closing with these requirements in mind.

If there are any questions, please contact Matthew Grooms, Planner at (207) 874-8725

Sincerely,

RE: Staff Review Comments for 1071 Westbrook Street Aviation Hangar (2017-158) – Planning Authority Review

Project Name:	Jetport Aviation Hangar	Project ID:	(2017-158)
Project Address:	1071 Westbrook Street	CBL:	199 A001012
Applicant:	Mark R. Goodwin		
Planner:	Matthew Grooms		

Dear Mr. Goodwin and Mr. McCullough,

Thank you for submitting a preliminary Level II Site Plan for the replacement of an existing aviation hangar and associated site improvements at 1071 Westbrook Street in the AB Airport Business District. This property is being reviewed as a preliminary plan subject to the following applicable Land Use Code provisions:

- Site Plan Ordinance, Article V
- Division 11, AB Airport Business Zone
- Division 20, Off-Street Parking Standards

Final Plan for Planning Board Review: Staff Review Comments

I. Traffic Review

1. The project is acceptable from a traffic perspective. The City does not require detectable warning panels at driveways.

II. Stormwater and Civil Engineering Review

Woodard & Curran has reviewed the Level II Site Plan Application for the proposed development located at 1071 Westbrook Street in Portland, Maine. The project involves the demolition of the existing Northeast Air North Hanger and construction of a new hanger in its place.

Documents Reviewed by Woodard & Curran

- Level II Site Plan application and attachments, dated June 30, 2017, prepared by Sebago Technics, Inc, on behalf of Northeast Air.
- Engineering Plans, Sheets 1-7, dated June 29, 2017, prepared by Sebago Technics, Inc, on behalf of Northeast Air.

Comments

2. The City of Portland requires that all Level II site plan applications that meet the required impervious surface thresholds submit a stormwater management plan pursuant to the regulations of MaineDEP Chapter 500 Stormwater Management Rules, including conformance with the Basic, General, and Flooding Standards (Technical Manual, Section 5. II. Applicability in Portland. C. a. and City of Portland Code of Ordinances Sec. 14-526. Site plan standards. (b). 3. b.). We offer the following comments:
 - a. Basic Standard: Plans, notes, and details have been provided to address erosion and sediment control requirements, inspection and maintenance requirements, and good housekeeping practices in accordance with Appendix A, B, & C of MaineDEP Chapter 500.
 - b. General Standard: The project will result not result in an increase of impervious area. As such, the project is not required to include any specific stormwater management features for stormwater quality control.
 - c. Flooding Standard: The project will result not result in an increase of impervious area.. As such, the project is not required to include any specific stormwater management features to control the rate or quantity of stormwater runoff from the site.
3. The Applicant has included a sewer connection to accommodate a building trench drain. The wastewater capacity request notes zero flow and does not describe the potential trench drain flow. We anticipate that an oil/water separator will be required for this connection, but the Applicant should confirm with Public Works as part of the capacity request. The Applicant should also confirm the method of connecting the proposed sewer service to the existing sewer.
4. The site plan notes that detectable warning strips will be installed on both sides of the driveway, but the plan only shows the panel located on the northern side.
5. The Applicant notes that a new fire water service is anticipated, but this has not been shown on the plans. An ability to serve notification from the Portland Water District should be provided.

III. Public Safety

1. The new hangar will need to follow NFPA 409 Standard for Airport Hangars.
2. Fire gate #1 is our primary access to the airfield so if being used for construction then it will need to be maintained for emergency vehicles at all times.
3. Site access will be the same as this project is a replacement of the existing hangar.

IV. Site Design Standards

1. Members of the public have asked how noise generated on site will compare with existing conditions. Does the applicant anticipate any changes to noise generation from operations occurring on site once this project is complete?

2. Per the City's site plan ordinance (Sec. 14-526(a)(2)(c)), internal sidewalks are required between public sidewalks and the primary entrance of the proposed hangar.
3. The applicant shall provide a photometric plan demonstrating acceptable light trespass limits.
4. How will on-site waste be managed. Please note, if utilizing an exterior receptacle, it shall be screened from the public right of way in accordance with site plan standards.
5. The applicant shall provide building elevations and a floor plan for the proposed hangar.
6. In order to be consistent with the rest of the Maine Aviation/Westbrook Street tree line, the City would like to see plantings other than the Acer Ginnala, (Amur Maple) which are multi-stem, shrubby trees. In their place, the applicant should provide a tree such as the 'Armstrong Red Maple' (Acer x Armstrong), which has a narrow crown and upright shape, and does not grow too tall or have a wide canopy.

Additional Submittals Required:

Please upload the digital plans and documents to address staff comments. Upon receipt of the revised material, the City of Portland will review the additional plans and information for conformance with applicable ordinances. Please be aware that an application expires within 120 days of the date upon which this written request for additional information was made and only one set of revised plans may be submitted for review. Following submission and review of the final plans, the Planning Authority will either approve, approve with conditions, or deny the final site plan.

If you have any questions, feel free to contact me at (207) 874-8725 or by email at mgrooms@portlandmaine.gov.

Memo

To: Matthew Grooms - Planner
From: Keith Gray, PE – Senior Engineer, DPW
Date: September 19, 2017
Re: 1071 Westbrook Street (2017-158) – Level II Site Plan Application

The following comments/concerns are in regards to the Level II Site Plan Application prepared by Sebago Technics, on behalf of the applicant, Northeast Air, with last plan revision submitted on September 19, 2017. Please feel free to contact me with questions. Thank you.

Construction Management Plan:

- The applicant has submitted a Construction Management Plan (CMPlan) prepared by Sebago Technics. The applicant shall revise the CMPlan to include the information enclosed in the “Draft” Construction Management Plan Template that depicts the overall detail that the City is requesting for the planning, coordination, and control of the construction site. Please note that the Construction Management Plan includes: 1) a construction management site plan, 2) a construction schedule (time frame); and 3) a written narrative addressing the categories identified within the enclosed CMPlan Template.
- The provided CMPlan indicates that the sidewalk will be closed. Is the sidewalk proposed to be closed for site improvements or the duration of the project? If closed for the duration of the project, than a temporary sidewalk is required as there is no sidewalk on the other side of the street.

General Comments:

- The *Code Compliance Floor Plan* indicates the installation of a floor drain and a crushed stone drip strip. These should be shown on the Grading & Utility Plan with proposed connections.
- How will roof drainage be managed?
- There are concerns with stormwater runoff flowing into the site entrance from Westbrook Street. Provide a catch basin at the corner or define a gutter line to direct drainage to the existing catch basin.

MEMORANDUM

TO: Matt Grooms, Planner
FROM: Lauren Swett, PE
DATE: September 20, 2017
RE: 1071 Westbrook Street, Level II Site Plan Application

Woodard & Curran has reviewed the Level II Site Plan Application for the proposed development located at 1071 Westbrook Street in Portland, Maine. The project involves the demolition of the existing Northeast Air North Hanger and construction of a new hanger in its place.

Documents Reviewed by Woodard & Curran

- Level II Site Plan response to comments and attachments, dated August 31, 2017, prepared by Sebago Technics, Inc, on behalf of Northeast Air.
- Engineering Plans, Sheets 1-7, dated August 31, 2017, prepared by Sebago Technics, Inc, on behalf of Northeast Air.

Comments (comments from previous memos included in italics)

1. *The City of Portland requires that all Level II site plan applications that meet the required impervious surface thresholds submit a stormwater management plan pursuant to the regulations of MaineDEP Chapter 500 Stormwater Management Rules, including conformance with the Basic, General, and Flooding Standards (Technical Manual, Section 5. II. Applicability in Portland. C. a. and City of Portland Code of Ordinances Sec. 14-526. Site plan standards. (b). 3. b.). We offer the following comments:*
 - a) *Basic Standard: Plans, notes, and details have been provided to address erosion and sediment control requirements, inspection and maintenance requirements, and good housekeeping practices in accordance with Appendix A, B, & C of MaineDEP Chapter 500.*
 - b) *General Standard: The project will result not result in an increase of impervious area. As such, the project is not required to include any specific stormwater management features for stormwater quality control.*
 - c) *Flooding Standard: The project will result not result in an increase of impervious area.. As such, the project is not required to include any specific stormwater management features to control the rate or quantity of stormwater runoff from the site.*
No further stormwater comments.
- 2) *The Applicant has included a sewer connection to accommodate a building trench drain. The wastewater capacity request notes zero flow and does not describe the potential trench drain flow. We anticipate that an oil/water separator will be required for this connection, but the Applicant should confirm with Public Works as part of the capacity request. The Applicant should also confirm the method of connecting the proposed sewer service to the existing sewer. After further discussion with Public Works, it is noted that internal floor drains are not typically allowed for connection to the sewer. In this scenario, typically liquid spills or rainwater inside the building would need to be collected using a sweeper/vacuum or a holding tank could be used. The Applicant should confirm with Public Works.*
- 3) *The Applicant notes that a new fire water service is anticipated, but this has not been shown on the plans. An ability to serve notification from the Portland Water District should be provided. The Applicant has noted that plans for the new water service have been provided to the Portland Water District. An ability to serve confirmation should be provided when available.*

**STORMWATER DRAINAGE SYSTEM
MAINTENANCE AGREEMENT**

For SUBDIVISIONS

IN CONSIDERATION OF the site plan and subdivision approval granted by the Planning Board of the City of Portland to the proposed _____ (name of developments and project number) shown on the Subdivision Plat (Exhibit A) recorded in Cumberland Registry of Deeds in Plan Book ____, Page ____ submitted by _____, and associated Grading, Drainage & Erosion Control Plan (*insert correct name of plan*) (Exhibit B) prepared by _____ (engineer/agent) of _____ (address) dated and pursuant to a condition thereof, _____ (name of owner), a Maine limited liability company with a principal place of business in Portland, Maine, and having a mailing address of _____, the owner of the subject premises, does hereby agree, for itself, its successors and assigns (the “Owner”), as follows:

Maintenance Agreement

That it, its successors and assigns, will, at its own cost and expense and at all times in perpetuity, maintain in good repair and in proper working order the _____ (*details of the system such as underdrained subsurface sand filter BMP system, rain gardens, storm drain pipes, underdrain pipes, catch basins*), (hereinafter collectively referred to as the “stormwater system”), as shown on the _____ Plan in Exhibit B and in strict compliance with the approved Stormwater Maintenance and Inspection Agreement (*insert correct name of document*) prepared for the Owner by _____ (copy attached in Exhibit C) and Chapter 32 of the Portland City Code.

Owner of the subject premises further agrees, at its own cost, to keep a Stormwater Maintenance Log. Such log shall be made available for inspection by the City of Portland upon reasonable notice and request.

Said agreement is for the benefit of the said City of Portland and all persons in lawful possession of said premises and abutters thereto; further, that the said City of Portland and said persons in lawful possession may enforce this Agreement by an action at law or in equity in any court of competent jurisdiction; further, that after giving the Owner written notice and a stated time to perform, the said City of Portland, by its authorized agents or representatives, may, but is not obligated to, enter upon said premises to maintain, repair, or replace said stormwater system in the event of any failure or neglect thereof, the cost and expense thereof to be reimbursed in full to the said City of Portland by the Owner upon written demand. Any funds owed to the City under this paragraph shall be secured by a lien on the property.

This Agreement shall also not be construed to allow any change or deviation from the requirements of the subdivision and/or site plan most recently and formally approved by the Planning Board of the City of Portland.

This agreement shall bind the undersigned only so long as it retains any interest in said premises, and shall run with the land and be binding upon the Owner's successors and assigns as their interests may from time to time appear.

The Owner agrees to record a copy of this Agreement in the Cumberland County Registry of Deeds within thirty (30) days of final execution of this Agreement. The Owner further agrees to provide a copy of this Agreement to any successor or assign and to forward to the City an Addendum signed by any successor or assign in which the successor or assign states that the successor or assign has read the Agreement, agrees to all its terms and conditions and the successor or assign will obtain and forward to the City's Department of Public Services and Department of Planning and Urban Development a similar Addendum from any other successor or assign.

For the purpose of this agreement and release "Owner" is any person or entity who is a successor or assign and has a legal interest in part, or all, of the real estate and any building. The real estate shown by chart, block and lot number in the records on file in the City Assessor's office shall constitute "the property" that may be entered by the City and lienied if the City is not paid all of its costs and charges following the mailing of a written demand for payment to the owner pursuant to the process and with the same force and effect as that established by 36 M.R.S.A. §§ 942 and 943 for real estate tax liens.

Any written notices or demands required by the agreement shall be complete on the date the notice is attached to one or more doors providing entry to any buildings and mailed by certified mail, return receipt requested or ordinary mail or both to the owner of record as shown on the tax roles on file in the City Assessor's Office.

If the property has more than one owner on the tax rolls, service shall be complete by mailing it to only the first listed owner. The failure to receive any written notice required by this agreement shall not prevent the City from entering the property and performing maintenance or repairs on the stormwater system, or any component thereof, or lienied it or create a cause of action against the City.

Performance Guarantee and Infrastructure Financial Contribution Packet

The municipal code requires that all development falling under site plan and/or subdivision review in the City of Portland be subject to a performance guarantee for various required site improvements. The code further requires developers to pay a fee for the administrative costs associated with inspecting construction activity to ensure that it conforms with plans and specifications.

The performance guarantee covers major site improvements related to site plan and subdivision review, such as paving, roadway, utility connections, drainage, landscaping, lighting, etc. A detailed itemized cost estimate is required to be submitted, which upon review and approval by the City, determines the amount of the performance guarantee. The performance guarantee will usually be a letter of credit from a financial institution, although escrow accounts are acceptable. The form, terms, and conditions of the performance guarantee must be approved by the City through the Planning Division. The performance guarantee plus a check to the City of Portland in the amount of 2.0% of the performance guarantee or as assessed by the planning or public works engineer, must be submitted prior to the issuance of any building permit for affected development.

Administration of performance guarantee and defect bonds is through the Planning Division. Inspections for improvements within existing and proposed public right-of-ways are the responsibility of the Department of Public Services. Inspections for site improvements are the responsibility of the Development Review Coordinator in the Planning Division.

Performance Guarantees will not be released by the City until all required improvements are completed and approved by the City and a Defect Bond has been submitted to and approved by the City.

If an infrastructure financial contribution is required by the City as part of a development approval, please complete the contribution form and submit it along with the designated contribution to the Planning Division. Please make checks payable to the City of Portland.

**SITE PLAN/SUBDIVISION
PERFORMANCE GUARANTEE
LETTER OF CREDIT
[ACCOUNT NUMBER]**

[Date]

Jeff Levine
Director of Planning and Urban Development
City of Portland
389 Congress Street
Portland, Maine 04101

Re: **[Insert: Name of Developer]**
[Insert: Address of Project, Portland, Maine]
[Insert: Application ID #]

[Insert: Name of Bank] hereby issues its Irrevocable Letter of Credit for the account of **[Insert: Name of Developer]**, (hereinafter referred to as “Developer”), held for the exclusive benefit of the City of Portland, in the aggregate amount of **[Insert: amount of original performance guarantee]**. These funds represent the estimated cost of installing site improvements as depicted on the **[Insert: subdivision and/ or site plan]**, approved on **[Insert: Date]** and as required under Portland Code of Ordinances Chapter 14 §§499, 499.5, 525 and Chapter 25 §§46 through 65.

This Letter of Credit is required under Portland Code of Ordinances Chapter 14 §§499, 499.5, 525 and Chapter 25 §46 through 65 and is intended to satisfy the Developer’s obligation, under Portland Code of Ordinances Chapter 14 §§501, 502 and 525, to post a performance guarantee for the above referenced development.

The City, through its Director of Planning and Urban Development and in his/her sole discretion, may draw on this Letter of Credit by presentation of a sight draft and the Letter of Credit and all amendments thereto, up to thirty (30) days before or sixty (60) days after its expiration, stating any one of the following:

1. the Developer has failed to satisfactorily complete the work on the improvements contained within the **[Insert: subdivision and/ or site plan]** approval, dated **[Insert date]**; or
2. the Developer has failed to deliver to the City a deed containing the metes and bounds description of any streets, easements or other improvements required to be deeded to the City; or

3. the Developer has failed to notify the City for inspections.

In the event of the Bank's dishonor of the City of Portland's sight draft, the Bank shall inform the City of Portland in writing of the reason or reasons thereof within three (3) business days of the dishonor.

After all underground work has been completed and inspected to the satisfaction of the Department of Public Services and Planning Division, including but not limited to sanitary sewers, storm drains, catch basins, manholes, electrical conduits, and other required improvements constructed chiefly below grade, the City of Portland Director of Planning and Urban Development or its Director of Finance as provided in Chapter 14 §501 of the Portland Code of Ordinances, may authorize the **[Bank]**, by written certification, to reduce the available amount of the escrowed money by a specified amount.

This performance guarantee will automatically expire on **[Insert date between April 16 and October 30 of the following year]** ("Expiration Date") or on the date when the City determines that all improvements guaranteed by this Letter of Credit are satisfactorily completed, whichever is later. It is a condition of this Letter of Credit that it is deemed to be automatically extended without amendment for period(s) of one year each from the current Expiration Date hereof, or any future Expiration Date, unless within thirty (30) days prior to any expiration, the Bank notifies the City by certified mail (restricted delivery to Ellen Sanborn, Director of Finance, City of Portland, 389 Congress Street, Portland, Maine 04101) that the Bank elects not to consider this Letter of Credit renewed for any such additional period.

In the event of such notice, the City, in its sole discretion, may draw hereunder by presentation of a sight draft drawn on the Bank, accompanied by this Letter of Credit and all amendments thereto, and a statement purportedly signed by the Director of Planning and Urban Development, at Bank's offices located at _____ stating that:

this drawing results from notification that the Bank has elected not to renew its Letter of Credit No. _____.

On its Expiration Date or on the date the City determines that all improvements guaranteed by this Letter of Credit are satisfactorily completed, this Performance Guarantee Letter of Credit shall be reduced by the City to ten (10) percent of its original amount and shall automatically convert to an Irrevocable Defect Letter of Credit. Written notice of such reduction shall be forwarded by the City to the Bank. The Defect Letter of Credit shall ensure the workmanship and durability of all materials used in the construction of the **[Insert: subdivision and/ or site plan]** approval, dated **[Insert: Date]** as required by City Code §14-501, 525 and shall automatically expire one (1) year from the date of its creation ("Termination Date").

The City, through its Director of Planning and Urban Development and in his/her sole discretion, may draw on the Defect Letter of Credit by presentation of a sight draft and this Letter of Credit and all amendments thereto, at Bank's offices located at _____, prior to the Termination Date, stating any one of the following:

1. the Developer has failed to complete any unfinished improvements; or
2. the Developer has failed to correct any defects in workmanship; or
3. the Developer has failed to use durable materials in the construction and installation of improvements contained within the [**Insert: subdivision and/ or site improvements**].

Re: **[Insert: Name of Developer]**
[Insert: Address of Project, Portland, Maine]
[Insert: Application ID #]

[Insert: Name of Bank] hereby certifies to the City of Portland that **[Bank]** will hold the sum of **[Insert: amount of original performance guarantee]** in an interest bearing account established with the Bank. These funds shall be held for the exclusive benefit of the City of Portland and shall represent the estimated cost of installing site improvements as depicted on the **[Insert: subdivision and/or site plan]**, approved on **[Insert: date]** as required under Portland Code of Ordinances Chapter 14 §§499, 499.5, 525 and Chapter 25 §§46 through 65. It is intended to satisfy the Developer's obligation, under Portland Code of Ordinances Chapter 14 §§501, 502 and 525, to post a performance guarantee for the above referenced development. All costs associated with establishing, maintaining and disbursing funds from the Escrow Account shall be borne by **[Insert: Developer]**.

[Bank] will hold these funds as escrow agent for the benefit of the City subject to the following:

The City, through its Director of Planning and Urban Development and in his/her sole discretion, may draw against this Escrow Account by presentation of a draft in the event that:

1. the Developer has failed to satisfactorily complete the work on the improvements contained within the **[Insert: subdivision and/ or site plan]** approval, dated **[Insert date]**; or
2. the Developer has failed to deliver to the City a deed containing the metes and bounds description of any streets, easements or other improvements required to be deeded to the City; or
3. the Developer has failed to notify the City for inspections.

In the event of the Bank's dishonor of the City of Portland's sight draft, the Bank shall inform the City of Portland in writing of the reason or reasons thereof within three (3) business days of the dishonor.

After all underground work has been completed and inspected to the satisfaction of the Department of Public Services and Planning Division, including but not limited to sanitary sewers, storm drains, catch basins, manholes, electrical conduits, and other required improvements constructed chiefly below grade, the City of Portland Director of Planning and Urban Development or its Director of Finance as provided in Chapter 14 §501 of the Portland Code of Ordinances, may authorize the [Bank], by written certification, to reduce the available amount of the escrowed money by a specified amount.

This performance guarantee will automatically expire on [Insert date between April 16 and October 30 of the following year] ("Expiration Date") or on the date when the City determines that all improvements guaranteed by this Letter of Credit are satisfactorily completed, whichever is later. It is a condition of this agreement that it is deemed to be automatically extended without amendment for period(s) of one year each from the current Expiration Date hereof, or any future Expiration Date, unless within thirty (30) days prior to any expiration, the Bank notifies the City by certified mail (restricted delivery to Ellen Sanborn, Director of Finance, City of Portland, 389 Congress Street, Portland, Maine 04101) that the Bank elects not to consider the Escrow Account renewed for any such additional period.

In the event of such notice, the City, in its sole discretion, may draw against the Escrow Account by presentation of a sight draft drawn on the Bank and a statement purportedly signed by the Director of Planning and Urban Development, at Bank's offices located at _____ stating that:

this drawing results from notification that the Bank has elected not to renew its Letter of Credit No. _____.

On its Expiration Date or on the date the City determines that all improvements guaranteed by this Escrow Account are satisfactorily completed, this Performance Guarantee shall be reduced by the City to ten (10) percent of its original amount and shall automatically convert to an Irrevocable Defect Guarantee. Written notice of such reduction shall be forwarded by the City to the Bank. The Defect Guarantee shall ensure the workmanship and durability of all materials used in the construction of the [Insert: subdivision and/ or site plan] approval, dated [Insert: Date] as required by City Code §14-501, 525 and shall automatically expire one (1) year from the date of its creation ("Termination Date").

The City, through its Director of Planning and Urban Development and in his/her sole discretion, may draw on the Defect Guarantee by presentation of a sight draft at Bank's offices located at _____, prior to the Termination Date, stating any one of the following:

1. the Developer has failed to complete any unfinished improvements; or
2. the Developer has failed to correct any defects in workmanship; or
3. the Developer has failed to use durable materials in the construction and installation of improvements contained within the [**Insert: subdivision and/ or site improvements**].

**PERFORMANCE GUARANTEE
with the City of Portland**

Developer's Tax Identification Number: _____

Developer's Name and Mailing Address: _____

City Account Number: _____

Application ID #: _____

Application of _____ [Applicant] for _____ [Insert street/Project Name] at _____ [Address], Portland, Maine.

The City of Portland (hereinafter the "City") will hold the sum of \$ _____ [amount of performance guarantee] on behalf of _____ [Applicant] in a non-interest bearing account established with the City. This account shall represent the estimated cost of installing _____ [insert: subdivision and/ or site improvements (as applicable)] as depicted on the subdivision/site plan, approved on _____ [date] as required under Portland Code of Ordinances Chapter 14 §§499, 499.5, 525 and Chapter 25 §§46 through 65. It is intended to satisfy the Applicant's obligation, under Portland Code of Ordinances Chapter 14 §§501, 502 and 525, to post a performance guarantee for the above referenced development.

The City, through its Director of Planning and Urban Development and in his/her sole discretion, may draw against this Escrow Account in the event that:

1. the Developer has failed to satisfactorily complete the work on the improvements contained within the _____ [insert: subdivision and/ or site improvements (as applicable)] approval, dated _____ [insert date]; or
2. the Developer has failed to deliver to the City a deed containing the metes and bounds description of any streets, easements or other improvements required to be deeded to the City; or
3. the Developer has failed to notify the City for inspections in conjunction with the installation of improvements noted in paragraph one.

The Director of Planning and Urban Development may draw on this Guarantee, at his/her option,

either thirty days prior to the expiration date contained herein, or s/he may draw against this escrow for a period not to exceed sixty (60) days after the expiration of this commitment; provided that the Applicant, or its representative, will give the City written notice, by certified mail (restricted delivery to Ellen Sanborn, Director of Finance, City of Portland, 389 Congress Street, Room 110, Portland, Maine) of the expiration of this escrow within sixty (60) days prior thereto.

After all underground work has been completed and inspected to the satisfaction of the Department of Public Works and Planning, including but not limited to sanitary sewers, storm drains, catch basins, manholes, electrical conduits, and other required improvements constructed chiefly below grade, the City of Portland Director of Planning and Urban Development or its Director of Finance as provided in Chapter 14 §501 of the Portland Code of Ordinances, may authorize the City to reduce the available amount of the escrowed money by a specified amount.

This Guarantee will automatically expire on **[Insert date between April 16 and October 30 of the following year]** (“Expiration Date”) or on the date when the City determines that all improvements guaranteed by this Performance Guarantee are satisfactorily completed, whichever is later. At such time, this Guarantee shall be reduced by the City to ten (10) percent of its original amount and shall automatically convert to an Irrevocable Defect Guarantee. Written notice of such reduction and conversion shall be forwarded by the City to **[the applicant]**. The Defect Guarantee shall expire one (1) year from the date of its creation and shall ensure the workmanship and durability of all materials used in the construction of the **[Insert: Subdivision and/ or site plan]** approval, dated **[Insert: Date]** as required by City Code §14-501, 525.

The City, through its Director of Planning and Urban Development and in his/her sole discretion, may draw on the Defect Guarantee should any one of the following occur:

1. the Developer has failed to complete any unfinished improvements; or
2. the Developer has failed to correct any defects in workmanship; or
3. the Developer has failed to use durable materials in the construction and installation of improvements contained within the **[Insert: subdivision and/ or site improvements]**.
