Dear Mr. Salisbury,

STOP WORK ORDER

An evaluation of the above-referenced property on March 22, 2007 revealed that construction is being conducted beyond the scope of building permit # 07-0279. Per Section 106.4 of the International Building Code, work shall be installed in accordance with the approved construction documents, and any changes made not in compliance shall be resubmitted for approval as an amendment.

Appropriate permitting has not been issued for the property listed above, **therefore all construction activity on the 2nd floor left side structure must STOP immediately**. This is a STOP WORK ORDER pursuant to Section 114. of the 2003 International Building Code of the City of Portland.

You may resume construction activity only after issuance of the appropriate building permit and the subsequent lifting of this order. Building Permit Applications are available in this office, Room 315 at Portland City Hall, from 8:00 a.m. to 4:00 p.m. weekdays except holidays.

Failure to comply will result in this office referring the matter to the City of Portland Corporation Counsel for legal action and possible civil penalties, as provided for in Section 1-15 of the Code and in Title 30-A of M.R.S.A. Section 4452. This constitutes an appealable decision pursuant to Section 112 of the City of Portland Building Code.

If you wish to discuss this matter, or you have any questions, please feel free to contact me.

Sincerely,

Jeanie Bourke @ (207) 874-8715
Building Inspector
