Jed -

I tried to call you first. I need the following to complete my zoning review.

1. The square footage provided for space on the application is 7815 sf. Required parking is one space for each 400 sf; $7815/400 = 19.53 = 20$ spaces. Need to show where these 20 spaces are being provided on the site (No site plan provided).
2. Need a key plan to show where this space is in the building.

Please send this information directly to me. Thanks.

Ann

Hi Ann,

Attached is the key plan for the space, apologies for not including in the original submission. It's in the warehouse next to the distillery.

Parking for 20 spaces. 2 tandem spaces are located directly in front of their entrance door, 1 space will be provided in the lot at 75 Washington and the remaining 17 will be provided at 107 and 123 Washington. Cotton Street is acquiring the building at 123 Washington, currently Creighton's wholesale floral supply.

Thanks for looking at this. Give me a call if you have additional questions.

Jed
