Jeanie,

Thanks for reaching out. We submitted our application on 11/24 so have been eager to get our sign up, as we are opening in January.

Attached are 2 photos (A&B) of the existing bracket (attached to the building) that will be used to hang our new sign.

The 3x4 wooden sign will be attached to the existing bracket just as our next door neighbors (as seen in photos C & D))

The verification of the height is 14ft.

Please let us know if there is anything else we can do. Thanks!

Good Morning Orenda,

I just spoke with our administrative assistant Lannie Dobson about the sign permit. The following information is needed in order to approve this:

1. A photo or diagram of the existing bracket that the sign will be attached to.
2. Description/diagram/photo of hardware that will be used to attach the sign to the bracket.
3. Verification of the height off grade to the bottom of the sign.

Please send this information to me in pdf format.

Thanks,

Jeanie
