RE: Construction at 98-100 Sheridan Street owned by Sheridan CER, LLC

On January 13th and 16th 2015 I staked out the footings and foundation walls.

On January 26, 2015 I checked out the location of the completed foundation and have found them built within setbacks, and as according to the approved site plan.

Respectfully

Richard Eaton P.L.S. # 2075
President of R.W. Eaton Associates
