Good morning,  
Lt Pirone stopped by to check progress on the 23rd and found no change. I have checked for any permits applied for and there are non. I need definitive progress on meeting compliance with in the next 15 days. Please update me as to the steps you have/ are currently taking.  
Thanks,

Hi Ben, I am still working with plans to present to the city for my addition to this building. I have contacted Tim Higgins regarding the Fire Doors and he is working on scheduling them in. He is also the builder who will be doing my addition. I am also converting to gas, so when N.U. gets the service in, I will have the plumber put the sprinkler in. The egress issue will be solved with the new addition. Whenever, I get something done, I will let you know until everything is complete. Thank You. Dave Fontaine
