BUILDING PERMIT INSPECTION PROCEDURES

Please call 874-8703 or 874-8693 (ONLY)

or email: buildinginspections@portlandmaine.gov

With the issuance of this permit, the owner, builder or their designee is required to provide adequate notice to the city of Portland Inspections Services for the following inspections. Appointments must be requested 48 to 72 hours in advance of the required inspection. The inspection date will need to be confirmed by this office.

- **Please read the conditions of approval that is attached to this permit!! Contact this office if you have any questions.**
 - **Permits expire in 6 months. If the project is not started or ceases for 6 months.**
 - **If the inspection requirements are not followed as stated below additional fees may be incurred due to the issuance of a "Stop Work Order" and subsequent release to continue.**
1. Pre-Demo
 2. Following Steps under Permit # 2011-10-2475

The project cannot move to the next phase prior to the required inspection and approval to continue, REGARDLESS OF THE NOTICE OF CIRCUMSTANCES.

IF THE PERMIT REQUIRES A CERTIFICATE OF OCCUPANCY, IT MUST BE PAID FOR AND ISSUED TO THE OWNER OR DESIGNEE BEFORE THE SPACE MAY BE OCCUPIED.

Strengthening a Remarkable City. Building a Community for Life • www.portlandmaine.gov

Director of Planning and Urban Development
Penny St. Louis

Job ID: 2011-10-2475-ALTR

Located At: 47 LAFAYETTE ST

CBL: 014- C-007-001

Conditions of Approval:

Zoning

1. Your present structure is legally nonconforming as to setbacks. If you are to demolish part of this structure on your own volition, you will only have one (1) year to replace the second floor with the same height and shell except for modifications allowed under section 14-436. Any changes to any of the above shall require that this structure meet the current zoning standards. The one (1) year starts at the time of removal. It shall be the owner's responsibility to contact the Code Enforcement Officer and notify them of that specific date.
2. This is NOT an approval for an additional dwelling unit. You SHALL NOT add any additional kitchen equipment including, but not limited to items such as stoves, microwaves, refrigerators, or kitchen sinks, etc. Without special approvals.
3. This property shall remain a two family dwelling. Any change of use shall require a separate permit application for review and approval.
4. This permit is for demolition only. A separate permit must be applied for to rebuild the second floor of the structure.

Building

1. This approves interior demolition only, no structural work allowed. No other construction activities allowed, including plumbing, electrical and heating.
2. Separate permits are required for any electrical, plumbing, sprinkler, fire alarm, HVAC systems, heating appliances, including pellet/wood stoves, commercial hood exhaust systems and fuel tanks. Separate plans may need to be submitted for approval as a part of this process.

Fire

1. All construction shall comply with City Code Chapter 10.
2. A sprinkler system shall be installed.
3. A separate no fee One- or Two-family Fire Sprinkler Permit is required.
4. All smoke detectors and smoke alarms shall be photoelectric.
5. Hardwired Carbon Monoxide alarms with battery back up are required on each floor.
- 6. Sprinkler requirements**
7. The sprinkler system shall be installed in accordance with NFPA 13D. A compliance letter is required.
8. All control valves shall be supervised in accordance with NFPA 13D. Pad locks shall only be installed on valves designed to be secured in the open position by pad lock.

Subject: 47-49 Lafayette St demo sign off

Good afternoon all,

Mr Wojcik is all set with us to demo the top part of the house. There is an active gas service to the house but not where the work is planned.

Any questions please let me know.

Thanks.

Resident (Owner)
43 Lafayette Street
Portland, ME 04101

To whom it may concern,

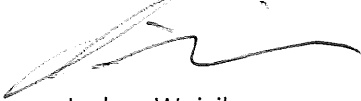

Recently, I purchased the two unit building located at 47-49 Lafayette Street.

I am writing to introduce myself and notify you of my plans to demolish the top half level of the building, which will be followed by the addition of a full level to the building. The building will remain a two-unit building, which I plan to inhabit. The major demolition work will commence as soon as the City issues me a demolition permit.

I apologize in advance for any disruption you will experience. I have planned the project in a way that I hope will minimize the noise and inconvenience you may experience. For example, we will be constructing the addition with pre-fabricated panels, which will shorten the project schedule considerably.

If you have any questions or concerns about the project, please do not hesitate to contact me directly at 207-749-9656. I look forward to seeing you around the neighborhood.

Regards,

A handwritten signature in black ink, appearing to read 'Joshua Wojcik', written over a horizontal line.

Conflict-Free Independent Analysis

October 12, 2011

Mr. Wojcik,

This letter is to confirm that no asbestos-containing materials (ACM's) were found during my building inspection of the two unit building located at 47-49 Lafayette Street in Portland, ME. Where the vinyl siding was removed, there was no asbestos cladding. There was neither asbestos insulation on the pipes nor vermiculite insulation in any of the wall or attic cavities. None of the ceiling or flooring materials is made from materials that normally contain asbestos.

If you have questions, or concerns regarding this matter, please do not hesitate to contact me at 207-831-5634.

Regards,

DeWitt Kimball

ASBESTOS BUILDING DEMOLITION NOTIFICATION

MAINE DEPARTMENT OF ENVIRONMENTAL PROTECTION
Lead & Asbestos Hazard Prevention Program
17 State House Station, Augusta, Maine 04333

Maine law requires the filing of the ASBESTOS BUILDING DEMOLITION NOTIFICATION with the Department prior to demolition of any building except a single-family home.

Building owners are required to provide this notification of the demolition of a building to the DEP at least 5 working days prior to the demolition. This notification is not required before the demolition of a single-family residence or related structure (e.g., garage, shed, barn). It is also not required if previous notification of the demolition has been provided to the DEP as part of an asbestos abatement project notification. *Demolition* means the tearing down or intentional burning of a building or part of a building.

Prior to demolition, building owners must determine if there is any asbestos-containing material(s) (ACM) in the building. An "asbestos inspection" by a DEP-licensed Asbestos Consultant is required for all buildings except single-family homes and residential buildings with 2-4 units built after 1980. In lieu of an asbestos inspection, pre-1981 residential buildings with 2-4 units can be surveyed to identify possible ACM by someone knowledgeable about ACM, such as a code enforcement officer or building inspector. If materials that may contain asbestos are found, then you can either assume they are ACM or hire a DEP-licensed Asbestos Consultant to test the materials.

Whenever more than 3 square feet or 3 linear feet of ACM is identified, the ACM must be abated in accordance with the *Maine Asbestos Management Regulations* by a DEP-licensed Asbestos Abatement Contractor. This includes materials presumed to be ACM. Check www.maine.gov for a listing of asbestos contractors.

Prior to issuing a local demolition permit, the DEP requests that municipalities have applicants for municipal demolition permits complete this form and fax it to the DEP at 207-287-7826. Municipalities should not issue local demolition permits if the required asbestos inspection or survey has not been performed and identified ACM removed.

Were regulated asbestos-containing building materials found? yes no
