CC: Joe Cooper <cooperproperties.joe@gmail.com>, Eric Wittman <eric@bildarch...>

Thank you for your flexibility. We will do the condo conversion permit and the renovation permits separately.

Thank you,
Evan

So you want to change the current application for just building work? Then you will be sending in the condo conversion in the future? Absolutely. Please let me know and we can update the current application and fees and send out an updated invoice.

It is my understanding that the owner (Joe, with local help from Amanda) has begun this process already. I will confirm that they are on track with it. Can you please confirm where it fits into the project timeline? Is it required to be complete before the BP is issued?

Thank you,
Evan

Hi Evan

Please review the attached. To do a condominium conversion, the attached has to be filled out and provided as well. It can all be done together, but the documents still need to be provided.

To Whom it may concern,

Please see the attached building permit application.

Thank you,
Evan
