### Note on AHERA School Projects

The Federal Asbestos –Containing Materials in Schools regulation (40 CFR Part 763) commonly referred to as "AHERA" contains specific requirements for asbestos abatement activities that may not be waived by the Department. Among these are air clearance and sample analysis protocols.

### 19. Waste Transporter (Must be ME DEP licensed Non-Hazardous Waste Transporter)

Name Service Transport Group, Inc  
Address 58 Pyles Lane  
City New Castle State DE Zip 19720  
Contact Tom Gaudet  
TEL 302-778-5930 FAX 302-778-0446

### 20. Disposal Site

Name Minerva Landfill  
Address 9000 Minerva Road  
City Waynesburg State Ohio Zip 44688  
Contact \_\_\_\_\_  
TEL 330-866-3435 FAX 330-866-4411

### 21. Certification (Notification Submitted by)

I certify that to the best of my knowledge, the information contained in this notification is true and accurate, and that the asbestos abatement contractor will be/has been contracted to implement work practices as required by 06-096 CMR 425.

**22. Emergency Notification** (oral notification must be made within 1 working day of the emergency)

Complete when a waiver to the standard notification period is requested for an emergency asbestos removal project which is necessitated by a sudden, unexpected event such as non-routine failures of equipment or by actions of fire and emergency medical personnel pursuant to duties within their official capacities. Written emergency notification must be received by the Department as soon as possible, but no later than 72 hours after the emergency.

Any required notification fee for the emergency project shall be received no later than 3 days after the emergency notification is submitted.

**Detailed Explanation** (Include the date and hour on which the emergency occurred) \_\_\_\_\_

**23. Notification Timeframe Waiver Request** (must be received by MEDEP at least 24 hours prior to the start of the project)

Complete when a waiver to the standard notification period is requested when reasonable planning & foresight could not have predicted the event & other notification procedures would not suffice to protect public health & the environment. Examples include discovering additional asbestos-containing material during a renovation or demolition for which an asbestos inspection was conducted (e.g., within a wall cavity or plumbing chase), a public health threat exists or will develop (e.g. clean up following a fiber release episode), or unforeseeable circumstance (e.g., boiler & associated piping/valves failure).

Any required notification fee for the notification timeframe waiver project shall be received no later than 3 days after the notification timeframe waiver notification is submitted.
