Hello Allyson,

This is Kate, your new neighbor at 40 Quebec. I'm glad we had the chance to meet the other day, we are very much looking forward to finally joining the neighborhood. Our family consists of me, my husband Matthew, and our two little girls, Rae and Hollis!

We haven't moved in yet because we've been planning renovations for the property. Through the design process, we've learned it will be more cost effective and give a better result for us to take the current house down and build a new one from scratch. We're not yet sure about when we will start the work - we are hoping to be able to get started this Fall, but we might have to wait until the Spring.

Either way, we wanted to open up a line of communication to let you know the plan. We will definitely let you know the timeline once we nail down the details. We also wanted to say that once the work does start, we will work with our contractors to be as conscientious about your comfort throughout the process as possible.

I'm happy to answer any questions you may have, and as the plan firms up in terms of timing, I will definitely let you know.

Kate
