Re: Plan of Action for Repairs @ 58 Congress St

Dear Captain Petruccelli,

After our discussion and your approval I will install 2 layers of 5/8 fire code sheet rock on each of the 1<sup>st</sup> and 2<sup>nd</sup> floor hallway doors and caulk with a fire retardant caulking before I paint. These two units already have exits front and rear with fire rated doors. I have informed the tenants and the apartment rental agency that the hallways must be cleared of all items that hinder egress. My schedule will allow me to complete this work by April 22, 2016.

If you should have any questions regarding this plan then feel free to contact me, thank you.

Sincerely,

Randy Johnson
