Subject: Re: 32 Turner Street Amended Permit Application

Hi Linda, yes, we do have to have proof of ownership simply to protect all owners from somebody "fraudulently" applying for permits without having an interest in the property. I know this is your daughter's building so I will authorize this to move forward and you can forward the purchase and sales or any other documentation and we will add it to your file.

>>> Building Inspections 11/16/2015 3:34 PM >>>

Hi Linda

The owner information on your application does not match what is on the assessor's information for ownership of this property. All applications must show right, title & interest for the proposed work. Right, title & interest can be proven in a number of ways; providing documentation showing the changing of ownership (usually by providing a copy of the first page of the purchase and sales agreement, if this is a lease, then a copy of the lease showing they have right, title, and interest to do the work performed, or a letter or note expressing approval from the owner. Your application will stay on hold until this information has been received.

Attached is the amended permit for the above referenced property, specifically regarding the roof top deck. Also, included is the architectural drawing, designed by Joe Delaney of Whipple Callendar. Please let me know if you have any questions or need anything else.

Thank you,
Linda
