**Date: July 30th, 2014**

## Company Profile

*"We are extremely proud to represent the highest quality manufacturers integrating life safety, alarm and communication systems throughout northern New England."*

*-- Bradford Norris, President --*

## Mission Statement

Provide quality engineered systems, exceptional service.

## Goal

Learn...Continually Improve...Exceed Expectations

Founded in 1979 Norris Inc. has grown to become Northern New England's leading integrated system contracting and supply company. Norris Inc. is an innovated proactive organization with extensive experience in integration interdisciplinary building management systems. Our local and national affiliations assure that your project will be done properly regardless of size representing leading manufacturers our comprehensive products provide outstanding quality reliability and performance... surpassing customer application requirements and exceeding the stringent requirements of Underwriters Laboratories, National Fire Protection Association and other codes. We maintain an exceptional level of quality and provide the highest levels of customer service. Our knowledgeable technical support will insure the great service you deserve. Whether your needs involve industrial, commercial, institutional, or educational applications, you can trust that Norris Inc. has the complete resources it takes to provide the right solution right away.

---

## **OUR CONTINUOUS COMMITMENT TO OUR ENVIRONMENT**

At Norris, Inc. we are proudly committed to continuous environmental improvement for a sustainable future and to develop strong partnerships within our community.

Our mission while running our operations is to do everything within our power to improve the environmental quality of our world and to work together to create a clean and safe place to live in and work in for future generations.

We will incorporate and promote green practices within our operations with policies to support it, a system of rewarding those that fully embrace it and then will regularly review our practices for continuous improvement.

We will establish policies, make investments in technologies and set the example in our own operations to include our ongoing commitment to go paperless and making it a requirement to Reuse, Reduce & Recycle, to turn off unneeded lights, to not allow our vehicles to idle, to encourage carpooling and to utilize practical energy efficient transportation.

We will always be 100% compliant with all applicable environmental laws and regulations and will report any violations.

We will remain committed to working locally and whenever possible to sell and use locally manufactured products.

We will insist that every purchase we make will include a review of its environmental impact with a very high priority to selecting the greenest products and services available.

We will remain committed to selling low energy products. This includes promoting wireless technologies, using existing wire infrastructures in our installations, promoting solar powered devices, using our Remote Services in lieu of on-site service calls and performing calculations to minimize power supply and battery needs.

We will educate our employees and customers to illustrate that green practices and purchases are almost always less costly in the long run.

We will support and give priority to organizations that show the strongest commitment to the environment.

We will actively encourage and promote the same responsible green practices that we utilize in the work place to our employees for use in their everyday personal lives.

## LIMITED WARRANTY

Norris, Inc. warrants that the product of its manufacturer shall be free from defect in material or workmanship as warranted by the manufacturer which is typically for a one year period from the completed installation date, but not later than the completed installation date. The completed installation date will be the date when the end-user is available to begin or started using the product or the date, whether partial or in its entirety, for project that has a specification or bid instruction to follow which contains specific warranty requirements. Norris Inc. will also honor the warranty terms specified in the project specification or bid document, which may be more or less in coverage and duration than the manufacturer's warranty. In performing hundred of projects per year with thousands of different products it is impossible for Norris, Inc. to track the terms and details of specified or individual product warranties. Therefore Norris, Inc. will request that the owner's representative provide the special warranty details when the warranty is requested otherwise a standard one year warranty on the equipment will be honored. The manufacturer's warranty is for equipment only and does not include an labor and/or shipping cost. All warranties provided by Norris, Inc. are limited with the same limitation included with the manufacturer's warranty which is included in the manual of the product being provided.

The warranty will apply only if each hood has been properly installed, are subject to normal proper use and have not been modified in any manner whatsoever upon return of the defective product, Norris, Inc. will, at its sole discretion, either repair or replace, at no cost, each hood determined to have a defect in material or workmanship. In case of a warranty repair, Norris, Inc. will use its sole discretion to determine if a suitable replacement part can be provided on loan while the repairs are being performed.

All warranty repairs performed during regular business hours. If emergency warranty repairs are required, the customer will pay the difference between the emergency service bill and our normal hourly charges.

Norris, Inc. limited warranty does not apply to those products that are damaged due to misuse, abuse, negligence, exposure to adverse environmental conditions, acts of God or have been modified in any manner whatsoever.

Norris, Inc. Standard terms and conditions are provided with our invoice. Those Terms and Conditions shall be provided upon request.

NORRIS, INC. IS NOT RESPONSIBLE FOR LIABILITY OR CONSEQUENTIAL DAMAGES ARISING FROM LOSS OF LIFE OR PROPERTY OR OTHER DAMAGES OR LOSS OF INCOME TO THE EXTENT OF NORRIS' PRODUCTS OR OTHER TOY, SPORTS OR RECREATION EQUIPMENT OR ANY DERIVATIVE PRODUCTS.

NORRIS, INC. MAKES NO WARRANTY OR REPRESENTATION REGARDING THE MERCHANTABILITY AND FITNESS FOR ANY PARTICULAR USE, OR FITNESS, OR IMPLICATED AS ALLOWED TO THE BEST OF OUR KNOWLEDGE.

## REMOTE INTERNET CONNECTIONS

As an added service to our customers and in order to facilitate the commissioning of the system(s) being provided within this submittal and then later provide warranty support Norris, Inc. may (at Norris, Inc.'s option) use internet connections to gain access to the system(s) being provided. Many methods can be used, but the most popular is utilizing software named LogMeln. This software or any other method used to connect to the customer's network will allow Norris, Inc.'s technicians the ability to get onto the programming and diagnostic levels of the system(s) being provided via the building owner's or tenant's data network and program, diagnose or make needed changes to the operation of the system(s). This will provide a better working atmosphere to perform programming from a controlled environment without the disruptions of a construction job-site and will allow fast and efficient troubleshooting and/or servicing if problems should occur later. Acceptance of this submittal by those approving it shall constitute an acceptance and approval to perform the work necessary to install and/or enable these network connections if Norris, Inc. chooses to do so. It is the sole responsibility of the submittal approvers to advise the building owners and/or tenants that Norris, Inc. has the ability to gain access to their network. At the specific request of those approving this submittal or the contractor that Norris, Inc. is working for or the building owners or tenants that own the network, Norris, Inc. can remove or disable the ability to connect to the building's network. However, leaving it in place will allow for quicker and more cost effective service when it is needed. Under absolutely no circumstances shall Norris, Inc., its principals, employees or heirs be held responsible for any losses incurred as a result of this network connection or the inability for the network connection to operate as expected.
