Just an FYI.

Mainely Property Management has put up a similar sign before. The last one we dealt with was at 52 Myrtle St last summer. I have attached the email I had with Dena Sutton about it. Maybe it is a different person at the company but this should not be an ongoing problem.

Doug & Chuck, do you want me to reach out to the Property Company on Tuesday and save you from doing the inspection on the 19th?

I may also write a violation notice warning them that if they do it again....

Thanks.

Ann
