Subject: FW: 31 Fore Street- finalizing the plan set/building permit process

Andy and Jason,

I recently sent Jean your latest Architectural Narrative (4/29/16) and, per her request below, was wondering if there were any changes from the last Elevations dated 3/17/16. The document in question is as attached; if you could confirm that this is the latest version or send everyone a revised one, I would appreciate it.

Thanks,

- **Olivia**
