To: Permitting and Inspections <buildinginspections@portlandmaine.gov>

The project consists of the following:

Removing all interior walls on the first floor.

Replacing bearing walls with steel beams as shown on the plans

transferring loads to the exterior walls

Building new mud room with half bath and laundry room at the rear of the first floor

Moving side entrance to new mud room

Remodeling the front entrance.

Re-building stair to 2nd floor to make it code compliant.

Adding brand new kitchen

Adding new floor finishes.

Moving non load bearing walls on the 2nd floor

Re-modeling the 2nd floor bathroom.

Replacing the roof.

Please let me know if you need anymore information.
regards,

John
