Brent Alder;

This letter serves to document that the following inspections have been completed with respect to the construction performed under building permit # 2015-00033 issued by the City of Portland at 48 Hancock St., and those inspections verified that building construction is substantially in accordance with the approved plans.

1. Building
2. Electrical
3. Fire and Life Safety

This does not allow occupancy for the two unit building at 48 Hancock St. because site work and final site inspections are required prior to the City's issuance of a Certificate of Occupancy.

Sincerely,

Jonathan Rioux,  
Inspections Director
