Good Afternoon,

Attached are the key plans for the Tilson Technology fit up plan, as well as the Site/Plot plan. Let me know if this gives you the needed information.

In regards to parking for this tenant, the owner of the building has an allotted amount of spaces in the adjacent parking garage (the Ocean Gateway Garage) that provides parking for the entire building. This tenant will have 41 of these parking spaces allotted to them per this agreement, to meet the parking standards based on occupancy and square-footage calculations. Let me know if you need further information on this as well.

Thanks,

**Michael Coyne**
