Shukria,

Just so we're on the same page, the attached is what I understood Tom Errico had approved in his October 8th email to Bill Bray. Maintaining the existing ramps and detectable surface location at the site corner of Fore and India was what was shown on the plan. All I need to do now is make sure that the ramps with brick flares can be appropriately positioned. I hope to have you a plan later today. I'll drop the mylars for the recording plat off to you between 1 to 1:30.

thanks

Stephen R. Bushey, P.E. | Associate & Vice President
