Description of Present Building to be Altered

Memorandum from Department of Building Inspection, Portland, Maine

158 Cumberland Ave.--Owner, Alice Mucordine--Contractor, Payson Libby--10/9/40

To Builder:

This permit is given with the understanding that its platform is to be at the second floor level without roof, and is to bear no relation to the first story platform except that it is above it. The new platform is to be supported by a bracket from the building on end toward street, by a 4x6 post on other end, and a 4x6 midway between, the posts to be supported upon and anchored to masonry piers which extend at least four feet below ground and at least 4 inches above ground. The bracket is to have three sides of 4x4 and besides other fastenings to building is to have at least one bolt no less than 5/8 inch through the upright of bracket near top and through the wall of the building with plate washer and nut or bolt head on inside of wall. The 2x6 floor joists are to be supported at outside ends on 4x6 on 7 foot spans between post and posts and post and bracket.

OO Alice Mucordine, 158 Cumberland Ave.

(Signed) Warren McDonald Inspector of Buildings

the building contractor.
