Hi Ann - I don't know the answer to this question. Do you know to whom I might refer him?

Hi Jennifer,

Last month we completed our permitting for outdoor seating. When the inspector came out to the site we, at his recommendation, changed the size of the seating area from an 8' x 10' area to a 5' x 8' area, since that was all we were really using. There are new pins in place to represent this area.

This reduces our overall permitted area from 80 sqft to 40 sqft, and should reduce our costs by \$40. What is the process for getting a refund for our overpayment?

Thank you for your help,

Markos
