Re: Convenient MD Urgent Care - Portland

From: Dennis Mires, P.A., THE ARCHITECTS

To: City of Portland, Permitting and Inspections Department

Narrative

The Convenient MD Urgent Care tenant fit-up at 191 Marginal Way will occupy the end unit of a new building currently in permitting with the city by CWS Archs out of Scarborough Maine. We have included a key plan to indicate the location, but ask that you refer to that submission for reference to site/civil plans and existing plan/layouts as it is part of the building shell project scope of work. Questions, please call.
