Re: AllSpeed Cycle
127 Marginal Way
Portland, ME

Dear Captain Pirone,

This letter is to certify that the sprinkler system in the renovated areas of the aforementioned location is active and is designed and installed in accordance with NFPA #13 and all other state and local codes.

If there are any questions or concerns please do not hesitate to call.

Very truly yours,
Sprinkler Systems, Inc.

To Whom It May Concern:

This letter is to inform you that on April 17, 2015 we completed the installation, programming and testing of the new fire alarm devices added in the new Allspeed Cyclery space located in the building at 127 Marginal Way in Portland, ME. These new fire alarm devices were tied into the existing building fire alarm control panel and were installed, programmed and test to NFPA 72 standards with signals sent to and received at our central monitoring station. These new devices were found to be fully functional at that time.

Should you have any questions or comments regarding this matter, please feel free to contact me at (207) 846-3350.

Sincerely,

Ronald S. Sneider, Manager
