Dear Ms. McGehee:

On September 28, 2004 at 3:10 pm, after having received Penny Littell's letter, dated September 23, 2004, you called me again to inquire as to how the City categorizes your client from a zoning perspective. As Ms. Littell explained, and as I repeated to you in our telephone conversation, your client must provide information to me upon which I can make a determination of use. The fundamental issue is whether NEMR is a junkyard or a recycling facility. Without such information I am unable to render an opinion in the abstract.

I hope that I will be receiving this information soon in order to address your questions.

Sincerely,

Marge Schmuckal  
Zoning Administrator
