Good Morning,

The electrical inspector hired by the applicant(s), Kern Butler, is also employed by the State of Maine as an electrical inspector. He does not represent the State of Maine in this role and has been hired as an independent contractor. I met with Ray Stanford, the Senior State Electrical Inspector and there is no conflict for Mr. Butler in this role. This applies to the pre-fabricated, pre-wired containers built by Snap Space. If the wiring is done in the City of Portland a Municipal electrical inspector will need to inspect and approve the installation(s).

Thanks,  
Doug

Good morning, Dexter,

Doug isn't my attorney but he is our Team Leader for Code Enforcement and a very experienced Electrical Code Enforcement Officer. Please see the information he provided below. Unless our attorney, Anne Torregrossa, sees something we don't, then I think we're all set.

Mike
