Chris,

The front wall set back will not increase to more than ten feet back.

Hi Crandall,

Just looking at your permit amendment and had one quick question. The maximum front property line setback allowed in the B-2 zone is 10 feet. Can you just confirm that the exterior wall removal will not increase the front setback to more than that? I know it looks pretty obvious from the tax map that it will not, but since no plot plan was submitted I just wanted to have it in writing.

Thank you!

Chris
