Dear Building Inspections,

Attached are structural drawings (S1, S2, S3 & S4), and the structural engineer of record's letter indicating the need to remove the existing exterior shell of the building at the address notes above.

We have also included the original structural engineer's letter and permit application forms for the previously amended permit at this same property for your convenience. The previously permitted work is also included in the attached drawings herein.

The cost of this additional demolition work is \$20,000.

Please contact Crandall Toothaker directly for payment of the permit fee at crandalltoothaker@gmail.com<<mailto:crandalltoothaker@gmail.com>>

Thank You,

Mike Hays
