Portland, Maine**

RE: Start of Demolition & Construction

Dear Neighbor,

Consigli Construction Company Inc. has been selected to complete the renovations and additions to the Asylum Club and Sports Bar. Work on this project has begun and is expected to be completed in March of 2017.

We have been working with the Asylum owners, the Design team, and the City of Portland over the past several weeks obtaining all the necessary permits and planning for construction. While interior demolition has been ongoing since early July, exterior demolition of a portion of the building is expected to begin early August starting with the installation of a construction fence at the property limits to establish a well-defined, safe construction site and neighborhood. Following demolition, construction of the new addition will begin. Construction will be taking place between the hours of 7:00AM and 5:00PM.

In an effort to better communicate our presence in the neighborhood, I have enclosed a site logistics plan which shows the areas where we will be working as well as interruptions to parking and pedestrian walkways.

If there are any questions please feel free to contact me in our Portland office at the number listed below.

Sincerely,
Consigli Construction Company, Inc.

Chris Brown
Senior Project Manager
