Hello Brad and/or Lannie,

Attached is the Bicycle Coalition of Maine Temporary Tent Application for our Bike to Work Day event on May 15, 2015 in Monument Square. We have just submitted our application to the Public Service event office as well. We do this event every year, and the only difference really is that weâ€™re hoping to bring our 10 x 20 ft tent.

Please let me know as soon as possible if thereâ€™s any further information you need from me in order to grant the permit for our event.

Best,

Bridgette
