PROJECT ADDRESS:

350 Congress Street - Lincoln Park

Resurgence Engineering is working with the City of Portland and the Parks Department to assess the condition of the iron fence and granite piers at Congress St. Pearl St., Federal St., Franklin St. and to develop a treatment plan and bid documents for restoration. The project is being phased with the Congress St. side being issued as base bid, Pearl St as a possible Alternate 1 and Federal St. as a possible Alternate 2. The Franklin St. side is currently not included in the project. IRON Restoration includes disassembly of all the iron pieces; shipping them to an iron workers shop for restoration; shipping to a paint shop for galvanizing and coating and return to site. GRANITE Restoration includes lifting and resetting all piers square and plumb; removal of all exposed, octagonal pier caps and replacement in kind and gentle cleaning of surfaces. Large chips and missing sections will receive either granite (Dutchman) patch or mortar patch based on size of missing piece.
