# Demolition of a Structure Permit Application

If you or the property owner owes real estate or personal property taxes or user charges on any property within the City, payment arrangements must be made before permits of any kind are accepted.

Location/Address of Construction: <u>142 Federal ST</u>		
Total Square Footage of Proposed Structure: <u>90 sq ft Asbestos Removal</u>		Square Footage of Lot:
Tax Assessor's Chart, Block & Lot: Chart#      Block#      Lot#	Owner: <u>Cumberland County</u>	Telephone: <u>871-8293</u>
Lessee/Buyer's Name (If Applicable):  <u>MAR 13 2009</u>	Applicant name, address & telephone:	Cost Of Work: \$ <u>6959-</u> Fee: \$ _____
Current legal use: (i.e. garage, warehouse) <u>Court House</u> If vacant, what was the previous use? _____ How long has it been vacant? _____ Project description: <u>Bath Room Renovation</u>		
Contractor's name, address & telephone: <u>Doten's Construction</u> <u>ABatement - Marrissey Environmental Lewiston Me.</u> Who should we contact when the permit is ready: <u>Bruce Carbo</u> Mailing address: <u>142 Federal ST</u> Telephone: <u>871-8293</u> <u>Portland Me</u>		

Please submit all of the information outlined in the Demolition call list. Failure to do so will result in the automatic denial of your permit.

In order to be sure the City fully understands the full scope of the project, the Planning and Development Department may request additional information prior to the issuance of a permit. For further information or to download copies of this form and other applications visit the Inspections Division on-line at [www.portlandmaine.gov](http://www.portlandmaine.gov), or stop by the Inspections Division office, room 315 City Hall or call 874-8703.

I hereby certify that I am the Owner of record of the named property, or that the owner of record authorizes the proposed work and that I have been authorized by the owner to make this application as his/her authorized agent. I agree to conform to all applicable laws of this jurisdiction. In addition, if a permit for work described in this application is issued, I certify that the Code Official's authorized representative shall have the authority to enter all areas covered by this permit at any reasonable hour to enforce the provisions of the codes applicable to this permit.

Signature of applicant: <u>Bruce Carbo</u>	Date: <u>3/13/09</u>
--	----------------------

This is not a permit; you may not commence ANY work until the permit is issued.

Please call: Cherie Barry  
871-8293

**Project:** Asbestos Abatement: Floor Tile, Mastic, Joint Compound and Thermal System Insulation  
**Location:** Cumberland County Courthouse, 2<sup>nd</sup> Floor Toilet Renovation, Federal Street, Portland, Maine

**c.c.:**

We hereby submit specifications and estimates for supplying labor, material and equipment required to perform asbestos abatement services at Cumberland County Courthouse, 2<sup>nd</sup> Floor Toilet Renovation, Federal Street, Portland, Maine.

Work performed to include the following:

1. Removal and disposal of approximately 90 sq.ft. of asbestos containing floor tile and mastic, 3 l.f. of asbestos containing thermal system insulation (ACTSI): fittings and asbestos containing joint compound on designated demolition walls. Leveling scrape of mastic only.
2. State DEP Notification and Design
3. State DEP Required Visual Inspection and Independent Air Clearance Analysis
4. Work to be conducted between 5:00pm and 1:30am.

Cost for the project will be as follows:

**Six Thousand Nine Hundred Fifty Nine Dollars.....\$ 6,959.00**

All work shall be performed in accordance with applicable DEP/NESHAPS and OSHA regulations. Asbestos containing materials will be disposed of at a licensed landfill. Air sample results and disposal receipts will be forwarded to you after project completion.

This coversheet is included with your report in order to comply with AIHA and ISO accreditation requirements.

For clarity, we report the number of significant digits as calculated; but, due to the nature of this type of biological data, the number of significant digits that is used for interpretation should generally be one or two. All samples were received in acceptable condition unless noted in the Report Comments portion in the body of the report. Due to the nature of the analyses performed, field blank corrections of results is not a standard practice. The results relate only to the items tested.

EMLab P&K ("the Company") shall have no liability to the client or the client's customer with respect to decisions or recommendations made, actions taken or courses of conduct implemented by either the client or the client's customer as a result of or based upon the Test Results. In no event shall the Company be liable to the client with respect to the Test Results except for the Company's own willful misconduct or gross negligence nor shall the Company be liable for incidental or consequential damages or lost profits or revenues to the fullest extent such liability may be disclaimed by law, even if the Company has been advised of the possibility of such damages, lost profits or lost revenues. In no event shall the Company's liability with respect to the Test Results exceed the amount paid to the Company by the client therefor.

	<p><b>ASBESTOS BUILDING DEMOLITION NOTIFICATION</b></p> <p>MAINE DEPARTMENT OF ENVIRONMENTAL PROTECTION                  Lead &amp; Asbestos Hazard Prevention Program                  17 State House Station, Augusta, Maine 04333</p>	
---	--	---

**Maine law requires the filing of the ASBESTOS BUILDING DEMOLITION NOTIFICATION with the Department prior to demolition of any building except a single-family home.**

Building owners are required to provide this notification of the demolition of a building to the DEP at least 5 working days prior to the demolition. This notification is not required before the demolition of a single-family residence or related structure (e.g., garage, shed, barn). It is also not required if previous notification of the demolition has been provided to the DEP as part of an asbestos abatement project notification. *Demolition* means the tearing down or intentional burning of a building or part of a building.

Prior to demolition, building owners must determine if there is any asbestos-containing material(s) (ACM) in the building. An "asbestos inspection" by a DEP-licensed Asbestos Consultant is required for all buildings except single-family homes and residential buildings with 2-4 units built after 1980. In lieu of an asbestos inspection, pre-1981 residential buildings with 2-4 units can be surveyed to identify possible ACM by someone knowledgeable about ACM, such as a code enforcement officer or building inspector. If materials that may contain asbestos are found, then you can either assume they are ACM or hire a DEP-licensed Asbestos Consultant to test the materials.

Whenever more than 3 square feet or 3 linear feet of ACM is identified, the ACM must be abated in accordance with the Maine Asbestos Management Regulations by a DEP-licensed Asbestos Abatement Contractor. This includes materials presumed to be ACM. Check [www.maine.gov](http://www.maine.gov) for a listing of asbestos contractors.

Prior to issuing a local demolition permit, the DEP requests that municipalities have applicants for municipal demolition permits complete this form and fax it to the DEP at 207-287-7826. Municipalities should not issue local demolition permits if the required asbestos inspection or survey has not been performed and identified ACM removed.

Were regulated asbestos-containing building materials found?  yes  no
