Hi Folks,

Please see the attached violation report. We walked through with Craig Messenger the other day and determined that we do need all new fire doors. The building has recently sold but the old owners are going to help get this work done.

We would like to request six months or a deadline of 6/8/16 to complete this work. We suspect that we will be done much sooner than this but there is quite a bit of work and a few technicalities to work out between the old owner and the new owner. We will have this work done no later than 6/8/16 but will most likely call you well before then for a re-inspection as soon as the work is done.

Please let me know your thoughts.

Thanks,
Dan Blake
