Hi Ann-

I will try calling you. No site Plan associated with this demo. Owner is selling it and buyer required demo as a condition of closing. Buyer will be following with site plan to redevelop.

Bob Ricket of Abatement Professionals is doing the Abatement. Because the ACM is in the window caulking (in the building addition) and he will be removing the window sashes he proposed doing the Abatement a day or two before the demo so there was not a period of time between when the building was not secure.

I'll try you by phone to discuss.
