Project No: 15-042

Dear Todd,

Casco Bay Engineering has reviewed the installation and construction of the structural steel framing supporting the cooling tower at 75 Market Street, Portland, Maine. It is our opinion that the project was completed according to our drawing and material specifications. We do not take any exception to the work performed.

Please feel free to contact our office if you have any questions or comments.

Regards,

Peter D. Rand, P.E.
