Hi Jeff,

In reviewing the plans for this sign, it does not appear that the attachment information is included on plan with the proposed details.

Please send this information directly to me and I will be able to approve this for building code.

Thanks,

Jeanie Bourke

This was included in the sign permit application. Not sure why it didn't make to you.

We'll use mechanical anchor bolts to attach the bracket, securely to concrete or steel, whatever is there.

Thanks, Jeff

Thanks Jeff, I did see this, but there was not mention of the anchoring. I will include this email in the documents for the record and approve.

Jeanie
