Please submit all of the information outlined on the applicable checklist. Failure to do so					

causes an automatic permit denial.

In order to be sure the City fully understands the full scope of the project, the Planning and Development Department may request additional information prior to the issuance of a permit. For further information or to download copies of this form and other applications visit the Inspections Division on-line at www.portlandmaine.gov, or stop by the Inspections Division office, room 315 City Hall or call 874-8703.

I hereby certify that I am the Owner of record of the named property, or that the owner of record authorizes the proposed work and that I have been authorized by the owner to make this application as his/her authorized agent. I agree to conform to all applicable laws of this jurisdiction. In addition, if a permit for work described in this application is issued, I certify that the Code Official's authorized representative shall have the authority to enter all areas covered by this permit at any reasonable hour to enforce the provisions of the codes applicable to this permit.

This is not a permit; you may not commence ANY work until the permit is issued.

Work Description 2nd Floor renovations – Berry Dunn

Create one 4,755 square foot office space by opening up 5 contiguous offices formerly leased by the Federal Government. Work will include demolition of all interior walls and ceilings for construction per the new floor layout. All new walls will be 5/8" gwb with 3 5/8" metal studs. The existing sprinkler system and fire alarm system will be relocated in accordance with local and state laws to properly cover the new office layout. All walls will be insulated between offices and abutting tenants. The Hvac systems in place will be re-used.

Jeff Levine, AICP, Director Planning & Urban Development Department

Tammy Munson, Director Inspections Division

Commercial Interior & Change of Use Permit Application Checklist

All of the following information is required and must be submitted. Checking off each item as you prepare your application package will ensure your package is complete and will help to expedite the permitting process.

One (1) complete set of construction drawings must include:

	essional and bear their seal.				
W/A	Cross sections w/framing details				
	Detail of any new walls or permanent partitions				
V	Floor plans and elevations				
	Window and door schedules				
	Complete electrical and plumbing layout.				
VA	Mechanical drawings for any specialized equipment such as furnaces, chimneys, gas equipment,				
, —	HVAC equipment or other types of work that may require special review				
WA.	Insulation R-factors of walls, ceilings, floors & U-factors of windows as per the IEEC 2009				
H/A	Proof of ownership is required if it is inconsistent with the assessors records.				
	Reduced plans or electronic files in PDF format are required if originals are larger than 11" x 17".				
h A	Per State Fire Marshall, all new bathrooms must be ADA compliant.				
Ser	parate permits are required for internal and external plumbing, HVAC & electrical installations.				
For additions less than 500 sq. ft. or that does not affect parking or traffic, a site plan exemption should be filed including:					
WA	The shape and dimension of the lot, footprint of the existing and proposed structure and the				
	distance from the actual property lines.				
	Location and dimensions of parking areas and driveways, street spaces and building frontage.				
	Dimensional floor plan of existing space and dimensional floor plan of proposed space.				

A Minor Site Plan Review is required for any change of use between 5,000 and 10,000 sq. ft. (cumulatively within a 3-year period)
