Patrick,

As per our discussion earlier today, after several calls to Deb Andrews (Historic Preservation staff) and the City of Portland Planning Dept (Alex Jaegerman - Chief Planner, and Bill Neddleman, Sr Planner) we have received positive feedback regarding the approval of the ATM/AHD as proposed in the modifications presented by SMRT 3/2/04...

Clearly we are pleased that the effort resulted in a favorable decision. I am hopeful that SMRT can now follow up with staff to get the building permit
