

John-

I'm writing to provide my consent as the property owner at 164 Middle Street to your installing temporary signage in the way of no more than two (2) sign-boards on the sidewalks abutting the building.

You are aware that under your Lease you must conform to the sign ordinances of the City of Portland including perhaps the Historic Preservation Committee; as well as any reasonable standards that I might establish in conjunction with the needs of other tenants at our building.

Please let me know if I can provide further assistance, and email a digital copy of your authorization when acquired from the City.

Best wishes,

Michael F. Mastronardi
