

State of Maine
 Department of Public Safety
Fire Sprinkler System Permit

10820

Ethan Allen

Located at: 145 Commercial Street
 In the Town of: Portland
 Occupancy/Use: Merchantile
 Type of System: NFPA 13

Permission is hereby given to:

High Tech Fire Protection Co., Inc.
 PO Box 156
 Minot, ME 042580156
 Contractor License # 102

to begin installation according to plans submittal approved by the Office of State Fire Marshal. The submittal is filed under log # **2131425**, and no departure from the application submittal shall be made without prior approval in writing. This permit is issued under the provisions of Title 32, Chapter 20, Section 12004-I. Nothing herein shall excuse the holder of this permit from failure to comply with local ordinances, zoning laws, or other pertinent legal restrictions. This permit shall be displayed at the construction site or be made readily available.

This permit was issued on **10/23/2013** for a fee paid of **\$100.00**

*This permit will expire at midnight on **Monday, April 21, 2014***

The expiration date applies only if the installation has not begun by that date and no permission has been granted to extend the date. Once installation begins, then the permit is valid for however long it takes to complete the installation, assuming that the work is fairly continuous.

John E Morris
 John E. Morris
 Commissioner

The type of Fire Department Connection and its location is to be according to the Local Fire Department

Within 30 days of the completion of a new fire sprinkler system or an addition to an existing fire sprinkler system, a fire sprinkler system contractor shall provide to the Office of State Fire Marshal a copy of this permit signed and dated by the certified Responsible Managing Supervisor representing that the fire sprinkler system has been installed according to specifications of the approved plan to the best of the supervisor's knowledge, information, and belief. This requirement is part of the sprinkler law, and neglect of this duty is grounds to not renew the contractor's license to do work in the State of Maine. All renewed sprinkler licenses are good for two years and expire on a June 30th.

Job completed, tested and verified by date of 10-30-13

From: Richard Smith

Re: Sprinkler System NFPA Compliances for our work completed October 30, 2013 at Ethan Allen, 145 Commercial Street, 1st Floor. High Tech Fire Protection made modifications on the fire sprinkler system.

High Tech Fire Protection hereby guarantees the design, materials and workmanship supplied by High Tech Fire Protection on the project entitled Ethan Allen located in 145 Commercial Street, 1st Floor to meet or exceed all requirements necessary for an approved NFPA #13 Automatic Fire Sprinkler System, and State and local authority.

This warranty "excludes" all areas of the existing building that were not involved in this modification

A handwritten signature in black ink, appearing to read "Richard Smith", written over a horizontal line.
