**RE: Fish Shack LLC  
6 Custom House Wharf Street – Signage Permit Application**

Dear Jeanie,

Attached please find an application and sketches for a sign permit at the newly opened Boone's Fish House and Oyster Rom at 6 Custom House Wharf Street, which was permitted as Poppy's Fish Shack and Oyster Room.

The sign will be a custom cut metal (aluminum) frame construction as a box. The letters are cut out and LED rope lighting is inserted into the box for subtle back-lighting of the cut letters. The sign will be constructed in 3 panels, and once installed and welded the seams will not be noticeable.

The package includes the following:

- Signage Application
- A.1 – Site Plan
- A.2 – Second Floor Plan
- A.3 – Photo Location of Sign
- A.4 – Sign Details
- A.5 – Sign Mock Up
- A.6 – Existing Conditions Photos

A letter of permission from the building owner was supplied under the original building permit application. A check will be submitted by the Owner separately.

Thank you for your help in reviewing this project.

Sincerely,

David Matero, AIA, LEED AP
