To Whom It May Concern:

On behalf of Maine Wharf LLC I have reviewed the signage plane proposed by Portland Exhibits LLC on July 30, for their leased space at 68 Commercial Street. Maine Wharf LLC is authorizing the content, and manner of installation of signs in the following locations outlined by Welch Signs for job# 19731, Revision #2 dated 07/09/2015:

- 1) Front facade, second floor.
- 2) Front facade, third floor, with spot/flood lighting.
- 3) East side, between second and third floor, facing Maine State Pier.

Maine Wharf LLC does reserve the right to review and approve new sign content, and the fixtures used to illuminate any signs being installed on the property to make sure they meet certain standards and are intended for such use.

Sincerely

Dale Akeley
