Subject: RE: 72 Commercial Street - HVAC Permit Application
Attachments: sub38-40ma-18-01.pdf

Hello,

Please find attached our submittals for the two ductless splits that we are installing, everything else is ductwork. I forwarded this last week as well. The roof top units that we are connecting to were installed under a different contract and permit. Please see Permit ID 2014-00884.

Thank you

Richard Doyle

We still have not received the requirements on this permit application. Please provide the documents required ASAP so the permit can move forward. If we do not hear from you soon, your application may be voided, and you will have to start the process over; thank you.

Dick, your still missing the info on the product you are installing. Your application states you are installing ductless systems (12 of them). This is a requirement. Please provide that info and we can enter this permit.

Hello Inspections,

Please find attached our HVAC permit application for the 72 Commercial street , or Maine Wharf project.

Thank you
