Subject: General Permit Category 2 request for Proprietors of Union Wharf, Union Wharf Pier Repair

USACE - requested  
The ME DEP PBR form as  
the application  
for this project  
The USACE permit is  
due mid April.

Jay Clement  
Senior Project Manager  
US Army Corps of Engineers  
Maine Project Office

RE: General Permit Category 2, Proprietors of Union Wharf, Union Wharf Pier Repair.

Mr. Jay Clement,

As requested, I have attached the Maine DEP permit-by-rule form and supporting materials for Union Wharf Pier Repair that was submitted to the MDEP on February 14, 2017. I have also attached certified mail receipts to all five Maine tribes and to the Maine Historical Society. In addition, I have included the Official Species List of Federally "listed species or critical habitat" as required in the general instructions and in appendix C.

The pier replacement will be within the footprint of the existing pier. The total footprint above the water is 1,875 SF. The project will be built from land, the demolition will be from either land or barge.

I have met with the Harbor Commission and discussed the project at last Tuesdays Workshop and the Harbor Commission has determined that they will not require a full permit only a letter of notice is required.

Please let me know if how many hard copies of the permit request to send you.

Thanks!

Jerry Lord
