Regarding the Building Permit application for the 119 Development LLC (for building located at 390 Congress St and 119 Exchange St), I have been advised by Jeff Levine and Tammy Munson that the building permit fee will be deferred until post finance closing. The email chain is lengthy, so, it may be easier to simply email either one of them directly for confirmation.

I understand that the City will, upon completion of the review, be in a position to write a "Will Issue" letter advising that the review is complete and noting any issues or conditions remaining. That will allow the project financing to close in December and then payment of the fee will be made and then the permit issued.

I have attached the P&S and Amendments, reflecting right title and interest for the said property.

Thank you,

Jim Brady
