---

Thank you for the response. The attached is a tenant fee from 2011. I have forwarded to the owner for proper response however in the mean time this is holding up the installation of a life safety system that the fire department is requiring and is aware of. Are there any exceptions or anyone I can talk to regarding priority and plan of action. Thank you?

Colby, this property has fees still unpaid. No permit can be entered until all outstanding fees are paid. I have attached an invoice for the review.

Please see attached for permit application. There are two addresses but the system will serve both hence the single permit. Please let me know if you have any questions. Thank you
