Hi Samantha,

Please consider the following reply as written permission to proceed with the installation of a replacement sign for the retail suite located at 28 Exchange Street. As owner of 30 Exchange Street and general partner to Mainland Real Estate Consultants, please be sure the city knows that this is a replacement of an existing sign. You are to use the SAME location and exterior bracket to attach your sign.

The front façade is 34 feet wide, I would estimate the front height of the building to be 40 feet.

The lot width is the same as the façade, 34 feet.

Let me know if you need anything else.

David Harrigan
