Good afternoon Jeanie,

There is a bathroom. It's a single stall and its behind the room with the utility sink.

Yes I did have a plumbing permit. There were no pipes added all of the plumbing was there the sinks were just hooked up. They are not permeant fixtures in the building they can be moved they are not attached to the wall. I never saw and inspector come in. I am not there all of the time.

No I do not have a suite # I'm just 8 Exchange st Portland Maine 04101 Its in the basement level but its not a suite number

I'm sorry it took me so long to get back to you I have been away on vacation.

Please let me know if you need any further information.

Thanks Liza☺

Hi Lisa,

I am doing the building/plumbing code review for this permit, and have some questions:

1. The floor plan does not indicate if there are bathrooms in this space. Please let me know the location of these.
2. Were sink fixtures & plumbing pipes installed for the salon?

3. Did the plumber file a permit? Was the work inspected?

4. Do you have a suite #?

I look forward to hearing from you,

Thanks,

Jeanie
