Hi Ann
Please let me know if you still need anything else

Thanks
Zafer

Hi Zafar, I have answered her questions in **RED** after each of her questions within the email below. Please let me know if there is anything else she needs to know. Thanks, Jamie

Good afternoon

This is the email I have from city hall about our signs and their questions about it.
Would you able to answer these questions and can you forward it to me please
Thanks
Zafer

Zafer -

I have not heard back from carrot@carrotsigns.com . This si the email that I sent on April 24th.

I just got off the telephone with Zafer Guven about the two signs that he is having installed at his art gallery. He told me that you were making the signs and installing them. He thought that you could provide me with the following information.

I need to know what material the blade sign is being constructed out of. I also need to know how it will be attached to the existing bracket. **The blade sign would be made from 3/4" MDO (sign grade plywood) and attached to the existing bracket with stainless hardware.**

I also need to know what material the wall sign is being made out of and how it is being attached. **The wall sign will be made from cut acrylic lettering. If memory serves me correc the the substrate on the building is wood and we would be drilling and setting studs into it.**

If you could send that information directly to me, I would appreciate it.

Please let me know if you have any questions. Thank you.

Ann
