

# Accessibility Building Code Certificate

**Designer:** Becker Structural Engineers, Inc.

**Address of Project:** \_\_\_\_\_

**Nature of Project:** Facade restoration, removing existing CMU and brick perimeter wall system and installing new steel bumper tube and prestressed cable rails on Patton Court elevation.

The technical submissions covering the proposed construction work as described above have been designed in compliance with applicable referenced standards found in the Maine Human Rights Law and Federal Americans with Disability Act. Residential Buildings with 4 units or more must conform to the Federal Fair Housing Accessibility Standards. Please provide proof of compliance if applicable.
