Automatic Fire Sprinkler Compliance Letter

Dear Mr. Liang,

This letter serves as Dean & Allyn's statement of compliance regarding the fire sprinkler work performed by Dean & Allyn at the referenced property. All work provided was done in accordance with the requirements of NFPA 13 and local & state codes.

The subject work primarily involved reworking an existing fire sprinkler system to maintain compliant coverage for new tenant fit out of an existing commercial space.

The existing feed and floor control valves supplying the subject space remained unchanged and left in service at the time of this statement.

Sincerely,

**Dean & Allyn, Inc.**
